

GUIDE

DRIVER OR VEHICLE LIST

If you are unable to see any Driver or Vehicle Data, under Driver List or Vehicle List, you will see a town name. Click on the down arrow head to the right. Now click on the down arrow head next to the town name under Site.

You can now select either All Sites or Base, followed by Apply. You will now be able to see your drivers/vehicles. Any Drivers / Vehicles that are not yours can be deleted by clicking on the 3 dots in a line.

The screenshot shows a 'DRIVER LIST' window with a search icon and a menu icon in the top right. Below the title bar, the word 'Birmingham' is displayed with a downward arrow and a list icon to its right. Underneath, there are two radio button options: 'Site' (which is selected) and 'Group'. Below these options is a text input field containing 'Birmingham' with a dropdown arrow on the right. At the bottom of the overlay, there are two buttons: 'RESET' and 'APPLY'.
